

# Heavy-Duty Trailer Stabilizer

Figure 1: Heavy-Duty Trailer Stabilizer (front view)

OSHA recommends trailer stabilizers for unsupported trailers. Placed under the front frame of your semi trailers, the APS Heavy-Duty Trailer Stabilizer helps reduce accidents from trailer-tip and landing gear collapse during loading and unloading.

Figure 2: Heavy-Duty Trailer Stabilizer (back view)

## Design Highlights

- 16" solid urethane tires for easy handling on any surface
- Powder-coated safety yellow
- 210 lb unit weight
- Service range of 41-3/4" to 55-1/4"
- Travel: 14"
- Two-speed gear box
