

Wall & Door Guard

Figure 1: Wall & Door Guard positioned over an industrial high-speed overhead door.

The Wall & Door Guard provides necessary protection from damage to industrial door frames and high speed industrial doors. The yellow steel frame provides high visibility and PVC "Banger Bar" alerts operators of overhead clearance. The Wall & Door Guard also helps reduce repair costs.

Design Highlights

- Protects industrial speed overhead doors, door frames, walls, overhead conveyors and racking
- Lower PVC "Banger Bar" alerts operator of overhead clearance
- Powder-coated safety yellow for durability and high visibility
- This product carries a (1) year limited warranty with APS Resource

Technical Specifications

Available Sizes	Adjustable to fit the width and height required for installation
Construction Material	Heavy-duty welded steel

P/N	Height Working Range	Width Working Range	Clearance Height Required
WDG8	7'6" to 8'6"	7'6" to 8'6"	9' - 1 5/8"
WDG10	9'6" to 10'6"	9'6" to 10'6"	11' - 1 5/8"
WDG12	11'6" to 12'6"	11'6" to 12'6"	13' - 1 5/8"
WDG16	15'6" to 16'6"	15'6" to 16'6"	17' - 1 5/8"
